Village of Youngstown Board of Trustees Work Session Minutes– October 25, 2018

The Board will be looking at space in the Village Center during this work session. Prior to viewing the space, Trustee Zastrow commented that he felt with the bank now gone, the Clerk's Office should offer notary services to the residents. Clerk-Treasurer Brown advised the Clerk's Office does offer notary services, as well as the Town of Porter. Discussion continued amongst the Board. It was brought to the Board's attention, now that it is dark, on Board meeting nights, you can see in the windows in the front of the building. The view seems to be of clutter against the windows. The space is currently occupied by the Library. They will be cleaning the space as the Board approved the capping of the toilet and sink area in that space. If after the transition the view is not better a suggestion of curtains on the windows was offered.

The Board discussed the need for space in the building for the Clerk's Office, the Library, and other organizations utilizing the building. At 8:22 p.m., Superintendent Muller inspected each floor and area with the Board. The inspection concluded at 9:28 p.m.

With no further discussion, Deputy Mayor Lockhart made a motion to adjourn the work session. Trustee Comerford seconded the motion. All in favor, motion was carried.

OLD BUSINESS:

VILLA CONDOMINIUM

Arrears have been documented on the current water bill. So noted.

VILLAGE CENTER SPACE

The Village Board will take inventory of the areas and create a plan for use/storage that will cover the Clerk's Office, Library, and other groups utilizing the building. Review completed.

GREENWAY FUNDS

Repurpose of the greenway funds to a new staircase down the hill from Main St to Water St. as the stairway is somewhat dangerous in its current state. Trustee Fox stated that Mr. Lohr from Capital Steel is to provide a quote for a metal stairway from Main Street down to Water Street.
