Frey Electric EV Station proposals. Proposal one, Red Brick. Proposal two Hinman Street.

The Board discussed the two proposals. Trustee Stevens reviewed the information noting that the Hinman Street proposal will pull power from individual stands. The Red Brick proposal uses the building itself and is less expensive. Mayor Reisman asked if the April quote was still a correct quote due to time lapse. Trustee Stevens will confirm pricing. Mayor Reisman noted he had made a static observation on the charger in Lewiston between Tops and the Chamber. There is not much use of it. Questions were discussed on benefits and costs and use. Clerk-Treasurer Brown will email the Niagara County Clerk's group and ask what other municipalities are doing. Superintendent Quarantillo will look at the site on Hinman with Trustee Stevens to see if the DPW can perform some of the work noted. Discussion also covered that perhaps Fort Niagara would be getting a charging station and maybe a business would want to partner in one for their customers. Mayor Reisman will check with Bob Emerson on any plans at Ft. Niagara. Everyone will report back. Tabled for now.
